Investors Only

Within this beautiful collection of 16 brand new townhouses, there are 6 which are now available only to savvy investors.

These homes will be managed by a community housing group, and provide affordable rental accommodation to essential services workers.

The reduced rental income will be reflected in the purchase price - however after 10 years the restrictions are removed and you will benefit from an immediate uplift in value.

The properties themselves are lovely, with finishes carefully selected to create an air of enduring style and sophistication.

- > 2 large bedrooms, both with ensuites
- > Kitchen with stone benchtops, gas cooktop, electric oven, and ducted range hood.
- > North facing rear courtyards
- > Double basement security parking
